## Our Company

For decades, the Muv-All name and the trailers built have held a position of respect, and our trailers have served thousands of customers with equipment that is durable and will stand the test of time.

We are proud to continue this tradition of excellence today, and we build each Muv-All trailer with the same levels of ingenuity and passion that have been the standard since Muv-All was born. Muv Smart, Muv Safe, Muv Successful with Muv-All.

## Service and Parts

Our dedication to providing the best trailers for your needs is matched by our dedication for providing every customer with outstanding service. We stock a vast line of parts including original and name brand parts for your Muv-All trailer.

Our goal is to help you get back on the road as soon as possible and back to doing what you do best. Whether you need lights, brake parts, ABS parts, suspensions, shocks, valves, air chambers or any other replacement part, our experienced parts sales coordinators can get it to you fast!

# BUY A MUV-ALL

For quality that shows.

## Is Your Trailer Overweight?

Muv-All is proud to announce the addition of Alumi-Lite trailers with aluminum cross members. These newly designed trailers weigh as little as 14,900 lbs with a concentrated load rating of 40,000 lbs in 10 feet. Let Muv-All trailer help you expand your fleet and diversify your customer base with our new Alumi-Lite trailers. Scale what's on your trailer...not your trailer.

## Paving & Construction Trailers

Let Muv-All help design the right paving or construction trailer to fit your needs. Muv-All can configure your trailer with hauling capabilities up to 120,000 lbs. Call us (866) 548-2111 today and we'll make this the most user friendly trailer you'll operate.

## Hydraulic & Mechanical Detachable Gooseneck Trailers

Muv-All Detachable Gooseneck Trailers are heavy-duty and easy to load, making them a great hauling option for several industries, including construction, equipment rental, and agricultural. Hydraulic and mechanical options are available.
